Hike in prices of yarn in the country

SHRI T. R. BALU (Tamil Nodu): Madam, Deputy Chairman, with great anguish and distress I wish to draw the attention of this august House to the sad plight of 35 lakh handloom weavers in Tamil Nadu who are suffering from unemployment for the past six months. The reason is the unprecedented price hike of yarn.

The price of cotton yarn has doubled whereas the price of pure silk yarn has trebled. Further, yarn is not available in the open market due to heavy export of yarn from our country to foreign countries. At a time when our local handlom weavers are suffering and struggling for want of raw materials, this Government has recklessly increased its exports to six crore kilograms this year as against four crore kilograms last year. This fact has already been intimated to the Prime Minister of India in my telegraphic message requesting him to stop the export immediately in order to avoid the price hike here and safeguard the interests of the poor handloom weavers, but he did not have the courtesy to reply to my telegram. Further, in the General Council meeting of the DMK Party held recently at Madras under the Presidentship of our beloved leader, Kalaignar Dr. M. Karunanidhi, a resolution was unanimously adopted, requesting and cautioning the Government not to ignore the feelings of lakhs and lakhs of handloom weavers, but our fervent appeals have not reached the deaf ears of the Government which appears to be in a deep slumber.

Madam, during 1985-86, before the implementation of the new textile policy, the number of unemployed handloom weavers in India was 70,000 only. But after the implementation of the textile policy, the number of unemployed handloom weavers in this country has gone up to 1,27,00,000. There are 1,590 handloom societies in Tamil Nadu. Out of these, 1,300 societies have already been closed, 5,60,000 handlooms are lying idle in Tamil Nadu, and 35 lakhs of handloom weavers are jobless. Their family members, their children have become orphans They are starving for their daily bread, and they are all in the streets. So, I request the Prime Minister and the concerned Ministry to look into this state of affairs immediately.

During 1987 itself the price of yarn has increased suddenly by 55 per cent. Even the Indian National Trade Union Congress which belongs to the
